

Call for Participation

world HAPTICS c o n f e r e n c e

Pisa, Italy
March 18-20, 2005

<http://www.worldhaptics.com>

After a series of successful conferences and events separately organized in the U.S. and Europe, the Symposium on Haptic Interfaces for Virtual Environments and Teleoperator Systems and the EuroHaptics Conference will be held jointly for the first time in 2005 in Pisa, Italy.

This is a great chance to create a truly global community in haptics, capable of answering the challenges, and grab the opportunities, offered by the growing demand of better interfaces to remote and virtual environments.

Notes

As in the recent past, the Haptics Symposium will be closely linked to the IEEE Virtual Reality Conference. In 2005, IEEE VR will be held in Bonn, on March 13-16. There are direct connection flights from Bonn to Pisa, by which attendees to IEEE VR can reach the WHC venue conveniently on March 17. Details on fares and registration fees will be announced later.

Events

- Oral Presentations
- Poster Session
- Hands-On Demos
- Industrial Exhibit

Important dates

- *November 5, 2004:*
Full Papers and Poster Submission
- *December 15, 2005:*
Notification of Acceptance
- *January 10, 2005:*
Final Manuscript Submission
- *February 15, 2005:*
Industrial Exhibits and Hands-On Demonstrations Contact organizers directly
