

Instructions for the sketch and poster paper presentations at WHC'07

Presentation Schedule

The presentations span three sessions.

- Day 1 15:00–16:30 Sketchs
- Day 2 15:00–16:30 Poster Papers (Group A)
- Day 3 13:30–15:00 Poster Papers (Group B)

Layout

The sketch and poster paper presentations will be held in a large room. To ensure that there is a sufficient space for the presentations, the layout will be changed between Day 1 and Days 2 and 3 (Fig. 1 and Fig. 2).

Sketch presentations

All sketches must be displayed at their designated locations on the morning of Day 1. Although the sketch session will be held only on Day 1, these sketches will be displayed throughout the conference.

Desks are provided on Day 1, but not Days 2 and 3. Please ensure that all the materials on the desk are taken away after the sketch session ends.

Poster paper presentations

The poster paper presentations will be held over two sessions. The Group A poster paper presenters are requested to stand near their respective posters during the second half of the poster paper session (15:45–16:30) on Day 2. The Group B poster paper presenters are requested to stand near their respective posters during the first half (13:30–14:15) of the poster paper session on Day 3 of the conference.

The posters will be displayed throughout the conference. Desks are provided on Days 2 and 3.

Space for presenters

Fig. 3 illustrates the space provided for presenters. Each presenter is provided with a poster board (900 x 2100). On Day 1, the sketch presenters are provided with a desk, which is shared by four presenters. On Days 2 and 3, the poster paper presenters are provided with a desk, which is also shared by four presenters.

Electricity

There are a very limited number of electrical outlets available to poster and sketch presenters. If your presentation requires access to these outlets, please contact the session chair.

Shipping

It is recommended that materials be hand carried to the conference.

In case of any queries, please contact poster chair Hiroyuki Kajimoto (kajimoto@hc.uec.ac.jp).
